Drag & Drop

Batch Name	Workflow	Batch Due Date	File Count	Word Count	Lang

Reference Files Save Cancel

Create Submission

1. On the Dashboard click **Add Submission**.
2. Enter the General Settings – submission **Name**, select the **Project**, **Due Date** and add **Instructions**.
3. Select the **Language Details** - choose the source and target languages.
4. Browse and upload source files.
5. Enter **Custom Fields** and upload **Reference Files** if required.
6. Click **Start Submission**.

Review quote

1. On the dashboard select a submission and click **Review Quote** under the **submit** tab.
2. Choose the batch and languages you want to review and click **Proceed**.
3. For each language, review the quote, select the vendor and click **Next**.
4. Once all languages are reviewed click **Accept Quote**.

Download Deliverable

1. On the dashboard click **Completed** under Workflows.
2. Select the submission you want to download and click **Download Deliverable** under the **manage** tab.
The Download Deliverable dialog box appears.
3. Select the batch and/or target language(s) you wish to download and click **OK**.
A notification appears.
4. Click the here link to open or save the final deliverable.
Note: The larger the files, the longer it will take for the pop-up box to appear. However, you will receive an email with the link to download the files as well if you have enabled the "Resources are ready for download" checkbox in **Preferences > Notifications**.
